Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

Architect in Colorado Springs since 1983 and Trained for Sustainable Development and Site/Building Design. Currently working on CHFA, DOLA, Transitional and market rate multi-family housing. I have been principal or partner in my own architecture firm in Colorado Springs since 1983 holding National Registration and multiple state architecture licenses. I am also a Leadership in Energy and Environmental Design Accredited Professional.

Relevant Experience and Community Involvement

Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.

I have served on several committees and boards in COS. Downtown - Imagine Downtown, attended various citizen planning groups and Urban Land Institute member. As member of the American Institute of Architects, we sponsored a national review of architects and planners for COS planning improvements. I am currently past chair for the Land Use committee of the CSHBA and still on the committee. Past Boards - served on Penrose Hospital Board of Trustees for 9 years, Downtown YMCA for 3 years and the past Downtown Sustainability Committee for 2 years. Currently doing pro bono work with Catholic Charities to create transitional housing at the old Helen Hunt School in the Hillside Neighborhood and member of the Westside Neighborhood Planning Group. I co-chaired the committee with Bob Wolfson to bring Art Space housing to COS.

Introduction**Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee**

Two years ago my family and I moved to Colorado Springs for the incredible way of life, high quality schools, community safety, and great place to raise a family. I want to be a part of continuing to maintain that this is the place for families to move to and companies to invest in because the city just in the past two years has given so much to me. My career has been nearly exclusively in the health care industry (on the business side) with functional areas in business strategy, internal consulting, corporate development, new product development, and innovation. <https://www.linkedin.com/in/jhunterb/>
