Which Boards would you like to apply for?

Airport Advisory Commission: Appointed

Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I have successfully service on several airport boards/commissions and was instrumental in helping drive significant business development, asbestos abatement, remodeling, FAA runway extension, eminent domain property acquisitions, T-hangar development, community airport park planning, and many other airport activities typically overseen/advised by commissioners/board members.

Which Boards would you like to apply for?

Airport Advisory Commission: Submitted

Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I'm a retired nationally certified airport executive (AAAAE). I worked in the airport industry for 13 years at four different airports. Prior to my airport work I was US Marine Corps aviator for 25 years. I have known a couple of COS Directors that previously worked at the same airports I was at. I am interested on being a part of the Alrport Advisory Commission.

Relevant Experience and Community Involvement

Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.

Throughout my airport career I've worked closely with airport boards while working as a city department head.

Supplemental Materials (if applicable)

Include any additional materials that may strengthen your application, such as a resume or examples of your work in the community.

Airport Advisory Commission: Appointed

Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I had experience as a Commissioner for the 2021 Colorado Independent Legislative Redistricting Commission, which recently completed its work writing 35 Colorado Senate Districts and 65 Legislative Districts. Perhaps more pertinent to this Board, I have over 3000 hours of pilot-in-command time in numerous USAF fighters and in general aviation aircraft. I am a private pilot with powered, instrument and sailplane ratings. I was an instructor pilot in the USAF for T-41 aircraft which regularly flew training sorties at the USAF Academy, Colorado Springs and Ft. Carson airfields. I currently fly a Beechcraft Bonanza that is based out of the City of Colorado Springs Municipal Airport.
