1. PURPOSE AND SCOPE OF THIS DISTRICT

C. Purposes.

As may be further articulated in prior years' Operating Plans, the ongoing and/or contemplated purposes of this District for 2026 include financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. The District may enter into various agreements as required to facilitate the funding, construction, operation and maintenance of public improvements. The District is not

currently a party to any significant active contracts or agreements. The District may also enter into agreements with other districts encompassing adjacent developments in order to cooperate on infrastructure projects.

2. ORGANIZATION AND COMPOSITION OF THE BOARD OF DIRECTORS

A. Organization.

The Interquest South Business Improvement District was organized by the City of Colorado Springs, Colorado by Ordinance No. 04-238 on October 26, 2004.

B. Governance.

On September 22, 2015, the City Council of the City of Colorado Springs passed Resolution No. 93-15 and Ordinance No. 15-17 which authorized the City to appoint members to the District's Board of Directors when vacancies occurred outside of an election.

C. Current Board.

The persons who currently serve as the Board of Directors are:

Stacie M. Tucker, President Bethany A. Fitzgerald, Secretary Jerry D. Biggs, Treasurer Gregory M. Tucker, Assistant Secretary Andrew Biggs, Assistant Secretary

Director and other pertinent contact information are provided in **EXHIBIT A**.

D. Term Limits.

The District's election on November 2, 2004 included a ballot question to eliminate term limits pursuant to Article 18, Section 11 of the Colorado Constitution. The question passed.

E. Advisory Board.

The Board of Directors may appoint one or more advisory boards to assist the Board of Directors on such matters as the Board of Directors desires assistance. The Board of Directors shall, upon the appointment of an advisory board, set forth its duties, duration, and membership. The Board of Directors may provide rules of procedure for the advisory board or may delegate to the advisory board the authority to provide such rules. No advisory boards have yet been appointed to date.

3. BOUNDARIES, INCLUSIONS AND EXCLUSIONS

A current District boundary map is depicted in **EXHIBIT** C. The District does not anticipate any inclusion or exclusion requests in the coming year.

4. PUBLIC IMPROVEMENTS

The District will be primarily concerned with the provision of public improvements and services within the boundaries of the District; however, there may be instances to provide improvements or services outside of the boundaries of the District. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The public improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those public improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, et seq., C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, marketing, streetscape improvements, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition and remediation.

5. ADMINISTRATION, OPERATIONS, SERVICES, PROPERTY OWNERSHIP, AND MAINTENANCE

As mentioned above, the District owns certain real property located within the boundaries of the District, which is intended to be used as parking facilities. The District also owns street, water, and sewer facilities. The District shall provide for ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector.

6. FINANCIAL PLAN AND BUDGET

A. 2026 Budget.

The proposed 2026 Budget for the District is attached as **EXHIBIT B**.

B. Authorized Indebtedness.

At an election held on November 2, 2004, the voters approved general obligation indebtedness of \$24,000,000 for street improvements. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. On November 1, 2005, the District's electors authorized additional indebtedness of \$3,500,000 for water and sanitary sewer. As set forth in the District's 2005 Operating Plan, the City has limited the amount of debt to be issued to a total of \$24,000,000 in the authorized voted categories. This maximum debt authorization amount shall not be exceeded without the City's express prior approval.

C. Maximum Debt and Operating Mill Levies.

The mill levy limitations in the District's original Operating Plan (being 50 mills for debt service and one (1) mill for general operations and administrative expenses) remain unchanged. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring

after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

D. District Revenues.

See the proposed 2026 Budget attached hereto as **EXHIBIT B**.

E. Existing Debt Obligations.

On December 19, 2017, the District issued \$4,000,000 in Series 2017 Limited Property Tax and Public Improvement Fee Revenue Bonds (the "Series 2017 Bonds") to fund public improvements, pay bond issue costs, fund an initial deposit to the Surplus Fund, and fund capitalized interest. The Series 2017 Bonds bear interest ranging from 4.5% to 5.0%, paid semi-annually on June 1 and December 1, beginning December 1, 2019. The Series 2017 Bonds mature December 1, 2047. The District receives revenue from a public improvement fee imposed upon property within the District's boundaries. Such revenues, net of the cost of collection and less the Annual Operations Deduction Amount, are pledged to the payment of the Series 2017 Bonds (in addition to property tax revenues). The "Annual Operations Deduction Amount" is an amount equal to the following for the applicable bond year, or such lesser amount as may be determined in the discretion of the District: (i) the Bond Year ending December 1, 2017, \$0; (ii) the Bond Year ending December 1, 2018, December 1, 2019, and December 1, 2020, \$50,000; (iii) the Bond Year ending December 1, 2021, \$135,000; and (iv) for each Bond Year thereafter, the dollar amount for the prior year plus 1.00%. The District's current debt service schedule is attached as **EXHIBIT B**.

F. Future Debt Obligations.

In accordance with the City's Special District Policy, this District shall request and obtain approval of City Council prior to issuance of any debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistent with the City's Special District Policy, as it may be amended, along with the most recently approved operating plan and budget and any requirements or limitations contained therein to the extent that they are consistent with the financing plans for the District. The District does not anticipate issuing debt in the coming year.

G. Developer Funding Agreements

The District entered into a Reimbursement Agreement with Development Management, Inc. on December 31, 2006 (7.0% interest rate); a Reimbursement Agreement with COPT Interquest, LLC on March 5, 2008 (7% interest rate); a Facilities Funding and Reimbursement Agreement with Chalon Properties, Inc., on January 1, 2016 (8% interest rate); and a Reimbursement Agreement with Chalon Properties, Inc., on January 1, 2016 (8% interest rate). It is anticipated that at the end of 2025, the District will have total developer advances of \$916,611, including principal and interest.

Developer Funding Agreements entered into by this District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any Developer Funding Agreements initially entered into, or with additional costs added to after January 1, 2023, shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. Other Financial Obligations.

The District may enter into agreements including reimbursement or similar agreements and leases; as well as agreements for ongoing services such as legal, administration, compliance, budget, audit, etc.

I. City Charter Limitations.

In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.

J. Limited Default Provisions.

Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.

K. Privately Placed Debt and Related Party Privately Placed Debt.

Prior to the issuance of any Privately Placed Debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate by more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.

L. End User Fee Limitation

The District shall not impose an End User Fee for the purpose of servicing District Debt without prior approval of City Council.

M. Debt Not an Obligation of the City.

The debt of the District will not constitute a debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. Land Development Entitlements

The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

A. Audit.

The District agrees to submit an annual audit to the City Finance Department no later than March 31st of each year which is performed by an independent certified public accounting firm. Even if the State grants an audit exemption, the District must submit an annual audit as specified above. Notwithstanding the foregoing, the District may submit a completed audit exemption application to the City Finance Department in lieu of an annual audit if the District qualifies for an audit exemption pursuant to state law.

B. SID Formation.

The District affirms that it will provide an Amended Operating Plan and seek prior approval of City Council prior to formation of any Special Improvement District or Authority within its boundaries in the future.

C. City Authorization Prior to Debt Issuance

In accordance with the City's Special District Policy, and notwithstanding any statements of intent in the Budget and Operating Plan, this District shall request and obtain approval of City Council prior to issuance of any Debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistent with the City's Special District Policy as it may be amended along with the most recently approved operating plan and budget and any requirements or limitations contained therein to the extent that they are consistent with the financing plans for the District.

D. Public Improvement Fees.

F. Concealed Carry Prohibition.

The District shall not adopt or enact an ordinance, resolution, rule or other regulation that prohibits or restricts an authorized permittee from carrying a concealed

handgun in a building or specific area under the direct control or management of the District as provided in C.R.S. § 18-12-214.

INTERQUEST SOUTH BUSINESS IMPROVEMENT DISTRICT 2026 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on October 26, 2004.

At an election held on November 2, 2004, the voters approved general obligation indebtedness of \$24,000,000 for street improvements. On November 1, 2005, the District's electors authorized additional indebtedness of \$3,500,000 for water and sanitary sewer. The voters also approved an annual increase in taxes of \$60,000, at a mill levy rate not to exceed one mill, for general operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20, of the Colorado constitution. Pursuant to the District's operating plan filed annually with the City, the maximum debt service mill levy the District can impose is 50.000 mills. As set forth in the District's 2005 operating plan, the City has limited the amount of debt to be issued to a total of \$24,000,000 in the authorized voted categories, without future approval by the City.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those difference may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Revenues - (continued)

Property Taxes - Continued

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2026, HB24B-1001 set the assessment rates as follows:

Category	Rate	Category	Rate
Single-Family Residential	6.25%	Agricultural Land	27.00%
Multi-Family Residential	6.25%	Renewable Energy Land	27.00%
Commercial	27.00%	Vacant Land	27.00%
Industrial	27.00%	Personal Property	27.00%
Lodging	27.00%	State Assessed	27.00%
		Oil & Gas Production	87.50%

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9.5% of the property taxes collected.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 4.0%.

PIF Fees

The District charges a public improvement fee (PIF). The nature of the PIF is that of a fee imposed under private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sale of goods at a rate of 1.50%, in addition to all sales and use taxes that may be imposed and is collected by the retailers in the District and remitted to the District within 20 days after month end. All PIF fees are pledged to the payment of the District's Series 2017 Special Tax Revenue Bonds, except for \$141,887, which is to be transferred in 2026 to the General Fund for operations and maintenance funding. The amount transferred each year will be increased 1% per year.

County Treasurer's collection fees have been computed at 1.5% of property taxes.

Debt and Leases

Series 2017 Bonds

On December 19, 2017, the District issued \$4,000,000 in Series 2017 Limited Property Tax and Public Improvement Fee Revenue Bonds ("the Bonds") on December 7, 2017 to fund public improvements, pay bond issue costs, fund an initial deposit to the Surplus Fund, and fund capitalized interest. The Bonds bear interest ranging from 4.5% to 5.0% paid semi-annually on June 1 and December 1, beginning December 1, 2019. The Bonds mature on December 1, 2047. The Bonds will be secured by and payable solely from pledged revenues, after the Annual Operations Deduction Amount and net of the cost of collection, consisting of (1) revenues attributable to a privately imposed public improvement fee payable with respect to certain retail sales transactions and construction activities occurring within the development, (2) revenues attributable to property taxes derived from an initial required mill levy of 5.000 mills, up to an estimated maximum of 30.000 mills, and (3) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Bond Fund. The Annual Operations Deduction Amount is an amount equal to: (i) for the Bond Year ending December 1, 2017, \$0; (ii) for each of the Bond Years ending December 1, 2018, December 1, 2019, and December 1, 2020, \$50,000; (iii) for the Bond Year ending December 1, 2021, \$135,000; and (iv) for each Bond Year thereafter, the dollar amount for the prior year plus 1.00%. The District's current debt service schedule is attached.

Developer Advances

The District entered into a Reimbursement Agreement with Development Management, Inc. on December 31, 2006 (7.0% interest rate); a Reimbursement Agreement with COPT Interquest, LLC on March 5, 2008 (7% interest rate); a Facilities Funding and Reimbursement Agreement with Chalon Properties, Inc., on January 1, 2016 (8% interest rate); and a Reimbursement Agreement with Chalon Properties, Inc., on January 1, 2016 (8% interest rate).
