4. Communications

Regarding the survey plan, we are under contract for the grant with the state and the RFP is officially out. There was recently a meeting to meet with consultants and there were three interested parties. Proposals are due September 25th.

Mr. Gray has asked council staff to put out a request for new DRB members, a regular position and an alternate, to replace Darryl Smith and Margy Gullickson. Interviews should be happening soon. Mr. Gray asked that any interested persons be referred to him.

Chair Lowenberg asked that Mr. Gray talk about the City Auditorium. The Community Cultural Collective has been doing all of the fundraising for the renovation, but their capital expense campaign did not go as well as they had hoped and their expectations were not met in order to move forward. They were hoping to start renovations in January, 2024, but they have decided to withdraw from the memorandum of understanding and will vacate on November 1st. They hope to continue the conversation with the City. Parks and Cultural Services has no plan to reopen the facility once it's been vacated and they have no definitive next steps. Mr. Gray said he let them know the HPB would be a good resource to include in discussions.

Chair Lowenberg asked how much money was raised. Mr. Gray said he didn't know, but will find out. Chair Lowenberg said she was disappointed that this board wasn't included in the conversation by the collaborative. This board understands that it is their job to raise awareness and she would like to see more of a partnership when discussing the future of the City Auditorium. Mr. Gray said he will reach out to the Parks & Cultural Services staff to make that connection.

Mr. Gray then talked about the idea of providing education regarding historic preservation. He recently had a meeting with the Historic Neighborhood Partnership in relation to the Old North End. They said they have many residents interested in historic preservation tied to tax credits with their own homes. Mr. Gray said he is going to contact History Colorado and see if they can come down and do a workshop on the historic preservation tax credit program.

Board Member Hines asked about the Union Printers Home project. Mr. Gray said he will find out more information. He thinks they are working on the master plan and on the submittal to the City, but doesn't know where that's at. It's been 6-8 months since their presentation and Mr. Gray said he will ask them to come back and provide an update.

There are no items for next month's meeting, but Mr. Gray said they will likely have a work session meeting in October.
