B. Authorized Indebtedness.

At an election held on November 2, 2004, the voters approved general obligation indebtedness of \$9,900,000 for street improvements. The voters also approved an annual increase in taxes of \$50,000 for general operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. On November 1, 2005, the District's electors authorized additional indebtedness of \$3,100,000 for water and storm drainage.

On November 6, 2018, the District's electors authorized additional indebtedness of \$25,000,000 for water improvements, \$25,000,000 for sanitary sewer improvements, \$25,000,000 for street improvements, \$25,000,000 for traffic and safety improvements, \$25,000,000 for park and recreation improvements, \$25,000,000 for transportation improvements, \$25,000,000 for security improvements, \$25,000,000 for operations and maintenance, \$25,000,000 for refinancing debt, and \$25,000,000 for reimbursement agreements.

Per the approval of the City Council on October 23, 2018, the amount of authorized debt has been increased from \$13,000,000 to \$25,000,000 in order to accommodate the next phases of development occasioned by increased demand for public improvements to benefit the businesses

within the District related to the success of the project and anticipated business growth within the District. The debt limit of the District shall not exceed \$25,000,000 regardless of the amount of voted debt authorization without the City's express prior approval. The bonds of the District, including revenue bonds, will be limited to those that are payable either from ad valorem property taxes, assessments, PIF revenues, permitted user fees, reimbursements, interest and interest earnings of the District, and from other revenues made available to the District. The District will not impose a sales tax.

C. Maximum Debt and Operating Mill Levies.

The mill levy limitations in the District's original 2004 Operating Plan (being 50 mills for debt service and one (1) mill for general operations and administrative expenses, both subject to adjustment) remain unchanged. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

D. District Revenues.

See the 2024 Budget attached hereto as **EXHIBIT B**.

E. Existing Debt Obligations.

On September 15, 2020, the District issued its fill-up \$13,735,000 Limited Tax General Obligation Bonds, Series 2020 with an interest rate of 7.00% ("2020 Bonds"). The 2020 Bonds are subject to mandatory redemption starting on December 1, 2024 and are subject to optional redemption starting on January 1, 2027. The first draw in 2020 was approximately \$1,535,000, the second draw in 2021 was approximately \$6,340,000, and the third draw in 2023 was approximately \$5,742,000. The issuance of the 2020 Bonds was approved by the City Council by Resolution No. 68-20 as required by the 2020 Operating Plan.

The District will annually review the interest rate on its bonds regarding market interest rate and evaluate possibilities to refund such bonds to the extent allowed pursuant to the bond documents.

F. Future Debt Obligations.

In accordance with the City's Special District Policy, the District shall request and obtain approval of City Council prior to issuance of any debt in accordance with the financing plan for the District as previously approved. K. Privately Placed Debt and Related Party Privately Placed Debt.

Prior to the issuance of any privately placed debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate by more than 400 basis points. INTERQUEST NORTH BUSINESS IMPROVEMENT DISTRICT 2024 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on October 26, 2004.

At an election held on November 2, 2004, the voters approved general obligation indebtedness of \$9,900,000 for street improvements. On November 1, 2005, the District's electors authorized additional indebtedness of \$3,100,000 for water and storm drainage. The voters also approved an annual increase in taxes of \$50,000, at a mill levy rate not to exceed one mill, for general operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20, of the Colorado constitution. Pursuant to the District's operating plan filed annually with the City, the maximum debt service mill levy the District can impose is 50.000 mills. As set forth in the District's 2005 operating plan, the City has limited the amount of debt to be issued to a total of \$9,900,000 in the authorized voted categories, without future approval by the City. On November 6, 2018, the District's electors authorized additional indebtedness of \$25,000,000 for water improvements, \$25,000,000 for sanitary sewer improvements, \$25,000,000 for street improvements, \$25,000,000 for traffic and safety improvements, \$25,000,000 for park and recreation improvements, \$25,000,000 for transportation improvements, \$25,000,000 for security improvements, \$25,000,000 for operations and maintenance, \$25,000,000 for refinancing debt, and \$25,000,000 for reimbursement agreements.

Per the approval of the City Council on October 23, 2018, the amount of authorized debt has been increased from \$13,000,000 to \$25,000,000.

The District has no employees and all administrative functions are contractual.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those difference may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property Taxes – (continued)

The calculation of the taxes levied is displayed on the property tax summary information page using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2024, the assessment rate for single family residential property decreases to 6.765% from 6.95%. The rate for multifamily residential property, the newly created subclass, decreases to 6.765% from 6.80%. Agricultural and renewable energy production property remains at 26.4%. Producing oil and gas remains at 87.5%. All other nonresidential property decreases to 27.90% from 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 4%.

PIF Fees

The District charges public improvement fees (PIF). The nature of the PIF is that of a fee imposed under private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sale of goods at a rate of 1.25%.
