The District will be primarily concerned with the provision of public improvements and services within the boundaries of the District. However, there may be instances to provide improvements or services outside of the boundaries of the District. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the

District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The public improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those public improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, et seq., C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, marketing, streetscape improvements, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition and remediation.

The election also allows the District to retain all revenues without regarding to the limitations contained in Article X, Section 20 of the Colorado constitution. On November 1, 2005, the District's electors authorized additional indebtedness of \$2,500,000 for water and sanitary sewer. As set forth in the District's 2004 Operating Plan, the City has limited the amount of debt to be issued to a total of \$13,900,000 in the authorized voted categories. This maximum debt authorization amount shall not be exceeded without express prior approval by the City.

C. Maximum Debt and Operating Mill Levies.

The Maximum Debt Mill Levy is fifty (50) mills. The Maximum Operating Mill Levy is one (1) mill. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

D. District Revenues.

See the 2025 Budget attached hereto as **EXHIBIT B**.

E. Existing Debt Obligations.

The District issued its Series 2010 Limited Tax General Obligation Bonds in the principal amount of \$1,850,000 with an interest rate of 8.5% (the "Series 2010 Bonds"). The Series 2010 Bonds are subject to optional redemption beginning December 1, 2011. As required by the District's 2010 Operating Plan, the issuance of the Series 2010 Bonds was approved by Resolution No. 3-10 of the City Council.

The District issued a Limited Tax General Obligation Bond on November 17, 2022 in the amount of \$2,519,000 with an interest rate of 6.5% (the "Series 2022 Bond"). The Series 2022 Bond will mature on December 1, 2025, but is subject to prior redemption. The City Council approved the District's issuance of the Series 2022 Bond pursuant to Resolution No. 169-22 of the City Council.

The District will annually review the interest rate on its bonds regarding market interest rate and evaluate possibilities to refund such bonds to the extent allowed pursuant to the bond documents.

F. Future Debt Obligations.

The District does not anticipate issuing additional debt in 2025.

G. Developer Funding Agreements.

The District entered into a Reimbursement Agreement (7% interest rate) with Development Management, Inc. on December 31, 2006. It is anticipated that at the end of 2024, the District will have repaid developer advances including principal and interest.

Any Developer Funding Agreements entered into by the District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any new Developer Funding Agreements entered into after January 1, 2023 shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. Other Financial Obligations.

The District may enter into agreements including reimbursement or similar agreements and leases, as well as agreements for ongoing services such as legal, administration, compliance, budget, audit, etc.

I. City Charter Limitations.

In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose

necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.

J. Limited Default Provisions.

Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.

K. Privately Placed Debt and Related Party Privately Placed Debt.

Prior to the issuance of any Privately Placed Debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate by more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.

L. End User Fee Limitation.

The District shall not impose an End User Fee for the purpose of servicing District Debt without prior approval of City Council.

M. Debt Not an Obligation of the City.

The Debt of the District will not constitute a debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. Land Development Entitlements.

In accordance with the City's Special District Policy, and notwithstanding any statements of intent in the Budget and Operating Plan, this District shall request and obtain approval of City Council prior to issuance of any Debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistent with the City's Special District Policy, as it may be amended, along with the most recently approved Operating Plan and Budget and any requirements or limitations contained therein to the extent that they are consistent with the financing plans for the District.

D. Public Improvement Fees.

This District will not utilize any revenues from a new, increased or expanded public improvement fee ("PIF") unless specifically authorized in this or a subsequent operating plan and budget, or separately approved by City Council. The imposition of a PIF and any provisions for adjustment of a PIF that have been previously approved by City Council shall not be subject to this restriction.

E. Condemnation.

The Colorado Revised Statutes do not authorize BIDs to use powers of eminent domain. The exercise of eminent domain authority by any City-authorized district is also specifically prohibited without express prior City Council approval.

POWERS & WOODMEN COMMERCIAL BUSINESS IMPROVEMENT DISTRICT 2025 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on April 27, 2004.

At an election held on May 4, 2004, the voters approved general obligation indebtedness of \$9,000,000 for street improvements, \$12,000,000 for parking facilities, \$125,000 for water main extension, and \$25,000,000 for refinancing of District debt. On November 1, 2005, the District's electors authorized additional indebtedness of \$2,500,000 for water and sanitary sewer. The voters also approved an annual increase in taxes of \$78,000, at a mill levy rate not to exceed one mill for general operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20, of the Colorado constitution. Pursuant to the District's operating plan filed annually with the City, the maximum debt service mill levy the District can impose is 50.000 mills. As set forth in the District's 2004 operating plan, the City has limited the amount of debt to be issued to a total of \$13,900,000 in the authorized voted categories, without future approval by the City.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the Budget using the adopted mill levy imposed by the District.
