### Which Boards would you like to apply for?

Planning Commission: Appointed

Downtown Review Board: Appointed

---

## Introduction

**Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee**

---

As an almost 20 year resident of Colorado Springs, I have seen this city grow and change considerably in that time. I believe that growth is necessary and will continue, but having sharp, community focused minds on Commissions such as the Planning Commission provides the necessary forethought and oversight to manage growth sustainably. Creating a vibrant mix of business, residential, commercial and recreational uses ensures a community that meets the needs of all residents and businesses. I have an extensive background in community engagement, board leadership and experience in the design and construction industry. This mix of community focused engagement with an eye for smart and well planned projects makes me a perfect fit for the Planning Commission. I realize that there may be instances in the future in which my company is involved in a project or request that comes before the planning commission, if so I will promptly disclose any such conflicts and recuse myself from any binding votes or decisions. However, I feel my experience and that of my GE Johnson, will still provide a greater benefit to the Commission and the city.

---

**Relevant Experience and Community Involvement**

**Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.**

---

**Supplemental Materials (if applicable)**

---

Include any additional materials that may strengthen your application, such as a resume or examples of your work in the community.

**Introduction**

---

**Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee**

---

As a former municipal government employee in New Orleans with more than a decade of experience in leading land use and development regulatory agencies, I am interested in engaging the public decision making processes of my new community. I feel that my background in managing budgets and staffing for departments with 120+ employees positions me well to understand complexities of local government operations. I continue to work in the policy arena and remain well-informed on burgeoning best practices.
