- 4B.C.** [24-131](#) Request to approve settlement arising from a police contact and taser deployment on May 14, 2022.

Presenter:

Wynetta Massey, City Attorney/Chief Legal Officer

Councilmember Donelson stated he believes too many of these cases are being settled outside of court and in this case, the City is settling with a convicted felon for \$195,000.

Councilmember O'Malley stated he is not voting against this settlement because he does not think the Plaintiff deserves a penny for the case but also to address that when the City creates Enterprises, which inherently are high risk, they have to consider the consequences.

Motion by Councilmember Henjum, seconded by Councilmember Leinweber, to approve the \$195,000.00 settlement amount. The motion passed by a vote of 6-2-1-0

Gabe Sevigny, Planning Supervisor, Planning and Neighborhood Services, presented the Resolution finding a petition for annexation of the area known as Black Forest Road Addition No. 2 Annexation consisting of 21.879 acres to be in substantial compliance with section 31-12-107(1), C.R.S. and setting a hearing date of April 23, 2024 for the City Council to consider the annexation of the area.

Councilmember Donelson asked why the City wants to annex this road in.

Mr. Sevigny stated it has already been deeded to the City from El Paso County, so it is owned by the City and it is in the best interest to annex City owned property.

Motion by Councilmember Leinweber, seconded by Councilmember Risley, that the Resolution finding the petition for annexation to be in substantial compliance with C.R.S. section 31-12-107(1), setting the hearing date of April 23, 2024, for consideration of the Black Forest Road Addition No. 2 Annexation, and directing the Clerk to provide notice in accord with C.R.S. section 31-12-108 be adopted. Tamara Baxter, Senior Planner, Planning and Neighborhood Services, presented the appeal of the City Planning Commission denial of a conditional use development plan for a multi-family residential development consisting of 1.62 acres located at 4113 Centennial Boulevard. She provided an overview of the vicinity map, project summary, site plan, elevation schematic, site location, timeline of review, stakeholder involvement, agency review, PlanCOS compliance, application review criteria, Planning Commission determination, appeal criteria, and proposed motions.

Wayne Williams, representing the appellant/applicant, provided an overview of the general background, appeal from the Planning Commission, 180 degree panorama view from Centennial Boulevard, Tier 1 major trail, adjoining townhomes to the south, aerial view, and view of property from eastern and western corners. He identified the proposed land use - twenty townhomes, front/rear elevations-11 unit north building, west/east elevations-north building, view looking northwest from pond, mobility, parking concerns, ample guest parking, unique east neighbor concerns, application review criteria, and Chapter 7 review of compliance.

Councilmember Henjum asked what ANSI stands for. Councilmember Risley stated American National Standards Institute.

Councilmember Henjum asked if Wisdom Heights uses the same visitor

parking. Mr. Williams stated they do not.

Councilmember Risley asked if it is allowable to build a fence on top of a utility easement. Mr. Williams confirmed it is.

Gavin Light, G Light Equity, representing the appellant/applicant, provided a brief overview of the project.

Councilmember Avila asked if the applicant has considered making some of the units affordable housing. Mr. Light stated the requirements for managing tax credit housing is very different from managing conventional housing and the affordable housing restrictions would make it unfinanceable.

Mr. Williams stated the owner of Bird Dog Barbecue was in support of the project but was not able to attend in person.

Citizen Roger Smith spoke in support of the project.

Citizen Marsha Wick spoke in opposition of the project.

Councilmember Avila disclosed that she and Ms. Wick knew each other.

Councilmember Avila asked if the applicant offered some mitigation regarding the stormwater runoff into the Wick's back yard. Ms. Wick confirmed they did, but she is not certain that will correct the flooding issues.

Councilmember Henjum asked Ms. Wick if she had spoken to the City's Stormwater Enterprise. Ms. Wick confirmed she had.

Councilmember Henjum asked if she had spoken to the developer regarding the fence. Ms. Wick confirmed she has requested the fence run the full property line with a security gate on the north end of the easement which she controls.

Councilmember Donelson asked how long Ms. Wick has lived in her house. Ms. Wick stated over thirty years and described how the area has changed as it has developed.

Councilmember O'Malley asked if shortening the fence was amenable to Ms. Wick. Ms. Wick stated it is not because she does not want access to her property open to whoever will be living on the applicant's property.

Mr. Williams stated the applicant does not own the seven-foot gap, it is owned by the Wicks, so if they would like add a security gate, they are welcome to do so, the applicant has a no trespassing sign on the property, adding the shortened fence would allow access to the utility easement, and the applicant is willing to work with the Wicks regarding their requests.

Councilmember Leinweber asked if the utility easement ends before it reaches the applicant's property. Mr. Williams stated a shortened fence would not block the view, light, and noise from the community or provide a buffer, because it is a thirty-foot easement.

Councilmember Leinweber asked if there is a requirement to provide access to their property or provide the fence. Mr. Light stated there is not and he has concerns about the liability aspect of it and potential future issues.

Councilmember Donelson disclosed that he and Mr. Light know each other but have not spoken in approximately a year and a half to two years.

Councilmember Donelson asked if the Planning Commission voted no due to the applicant not being prepared to answer the questions they had. Ms. Baxter explained the process of how items are brought before the Planning Commission and stated the questions which were asked had to do with parking, accessibility, and fencing.

Councilmember Donelson recommended this item be sent back to the Planning Commission to work out a solution between the two property owners. Councilmember Risley stated he felt the same way up until the applicant requested expediency.

President Helms stated he believes this project fits in this area very well and meets the criteria.

Councilmember Henjum stated she will be voting in favor of the project and hopes the applicant and the Wicks are able to find a way to work toward a resolution.

Councilmember Avila stated she does not feel the applicant is reflecting that they are willing to make accommodations for the Wicks and believes this project should be sent back to the Planning Commission to work out a solution.

Councilmember Donelson stated the property owner bought their property with different surrounding conditions and believes their quality of life will be affected by this project.

Motion by Councilmember Donelson, seconded by Councilmember Avila, to refer the matter back to the City Planning Commission for further consideration of the Centennial Blvd Townhome Conditional Use Development Plan to the applicable review criteria for deciding on a conditional use and development plan set forth in City Code (Chapter 7) Section 7.5.704 and City Code (Chapter 7) Section 7.5.502.E. The motion failed by a vote of 2-6-1-0

Aye: 2 - Avila, and Donelson

Excused: 1 - Talarico

Mr. Williams asked if the Wicks and the applicant agreed in a written document about the fence, that the Planning Department could approve it as part of the Development Plan. Ben Bolinger, Assistant City Attorney, stated that he believes the City Code allows for minor amendments to the Development Plan.

Councilmember Avila stated based on the applicant's willingness to work with the Wicks, she will be supporting this project.

Motion by Councilmember O'Malley, seconded by Councilmember Risley, to approve the appeal and approve the Centennial Blvd Townhomes Conditional Use Development Plan, based upon the finding that the appeal criteria found in City Code Section 7.5.415.A.2 have been met, and the application meets the review criteria for granting a Conditional Use Development Plan as set forth in City Code (Chapter 7) Section 7.5.704 and City Code (Chapter 7) Section 7.5.502.E.
