Alison and the planning commission

TO BE PART OF THE OFFICIAL RECORD

I am against changing GOG land for Garden of Gods Trading Post parking. The park, every square inch of the entire park, was a gift to the city of CS from General Palmer. Before you allow one square foot to be transferred should be on the ballot. I don't want to hear "its only an acre" because that is the citizens acre, it is not owned by planning, city council, the mayor. It is the citizens acre. The very idea we, as a city, would consider taking this land and transfer to a "for profit" enterprise is as low as the city can go. We keep up giving or selling parkland, next thing the joke about a KumNGo taking over the GOG visitor center will be true.
