The District’s original 2017-2018 Operating Plan and subsequent Operating Plans previously approved by the City are incorporated herein by reference and shall remain in full force and effect except as specifically or necessarily modified hereby.

C. Purposes. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board in good faith (such determination to be binding and final) so

D. District Revenues. See the 2025 Budget for the District attached as **EXHIBIT B**.

E. Existing Debt Obligations. In June 2020, the District issued the SW Downtown Business Improvement District \$30,500,000 Limited Tax Supported and Special Revenue Senior Bonds Series 2020A with an interest rate of 8.0% (“2020 Bonds”). This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. Land Development Entitlements. The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the property.

**PARK UNION BUSINESS IMPROVEMENT DISTRICT
2025 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The Park Union Business Improvement District, formerly known as SW Downtown Business Improvement District (the "District") was organized by Ordinance of the City of Colorado Springs (the "City") on October 12, 2017 and is governed pursuant to provisions of the Colorado Business Improvement Act (Title 31). The District's service area is located entirely within the City in El Paso County, Colorado. The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include water services, safety protection devices, sanitation services, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping, and storm and wastewater management facilities and associated land acquisition and remediation.

At an election held on November 7, 2017, the voters approved general indebtedness of \$440,000,000 at a maximum interest rate of 18% for each of the following improvements and services: streets, water supply, sanitary sewer, traffic and safety controls, parks and recreation, mosquito control, television relay and translation, public transportation, security services, and fire protection/medical emergency services. The election authorized indebtedness of \$440,000,000 each for operations and maintenance, reimbursement agreements, and debt refunding. The voters also approved an annual increase in taxes of up to \$5,000,000 at a mill levy rate without limitation or with such limitations as may be determined by the board for the purpose of the District's operations, maintenance, and other expenses. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution.

Pursuant to the District's Operating Plan filed annually with the City, the maximum debt mill levy is 50 mills, and the maximum operating mill levy for the payment of operating and maintenance expenses is 10 mills (subject to adjustment for changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement on or after January 1, 2006). The maximum debt authorization for the District is \$105,000,000.

The District has no employees, and all administrative functions are contractual.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those difference may be material.

2025 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2025, SB22-238, SB23B-001, SB 24-233 and HB24B-1001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%	Lodging	\$30,000
			Oil & Gas Production	87.50%		

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Developer Advances

Since the District is in the development stage, operational expenditures are anticipated to be funded by the Developer. Developer advances are to be recorded as revenues for budget purposes and may be repaid to the Developer from unpledged revenue in future years. The District entered into a Reimbursement Agreement for Operations with the Developer on December 14, 2017. Advances under the agreement bear simple interest at the rate of 6% per annum beginning on the date of advance to the date of repayment.

Debt Service

Principal and interest payments are provided based on the debt amortization schedules from the Series 2020A Bonds (discussed under Debt and Leases).

Debt and Leases

2020A Bonds

On June 30, 2020, The Districts issued Series 2020A Limited Tax Supported and Special Revenue Senior Bonds in the par amount of \$30,500,000. The Bonds will be issued on a “drawdown” basis, so that advances of the purchase price of the Bonds will be made by the Bond Purchaser to the Trustee in multiple installments in accordance with the terms and provisions of the 2020A Supplemental Indenture.

The initial drawdown was directly placed with the Bond Purchaser on the closing date of June 30, 2020 in the amount of \$15,500,000. The minimum drawdown amount is \$1,000,000, except for the last drawdown. As of June 30, 2024, the total draws were in the amount of \$26,500,000.

The Bonds were issued for the purposes of: (a) financing certain Public Improvements related to the Development, and (b) paying the costs of issuing the Bonds.

The Bonds bear interest at the rate of 8.0% per annum and are structured as “cash flow” bonds, meaning that no regularly scheduled payments of principal are due on the Bonds prior to their maturity date of December 1, 2049. Instead, interest is payable on June 1 and December 1 (“Interest Payment Date”) and principal is payable on each December 1 pursuant to a mandatory redemption from available Pledged Revenue, if any. To the extent principal of any Bond is not paid when due, such principal shall remain outstanding until paid. To the extent interest on any Senior Bond is not paid when due, such interest shall compound on each Interest Payment Date at the rate then borne by the Bonds.

Developer Advances

The District entered into an Operations Reimbursement Agreement (Operations Agreement) with the Developer. The District agrees to repay the Developer along with accrued interest, at a rate of 6% beginning on the date the advance were made to the date of repayment. The Operations Agreement does not constitute a multiple-fiscal year obligation.

The District entered into a Facilities Funding and Acquisition Agreement (Facilities Agreement) with the Developer. The District agrees to repay the Developer along with accrued interest, at a rate of 8% beginning on the date the advance were made to the date of repayment. The Facilities Agreement does not constitute a multiple-fiscal year obligation.

The District has no operating or capital leases.
