Presenter:

Wynetta Massey, City Attorney

Wynetta Massey, City Attorney, presented the Ordinances amending City Code pertaining to settlement authority and criminal actions. She provided an overview of settlement authority limits, Ordinance No. 90-53, litigation settlements since 2020, dollars saved, recommendations, criminal actions, and next steps.

Councilmember Donelson asked how the settlement amounts from 1990 were determined. Ms. Massey stated she does not have that information. Councilmember Donelson stated he is comfortable with doubling those numbers, but what is being proposed seems too large of a jump and believes that City Council should have the option to defend employees who were acting in good faith.

Councilmember O'Malley stated it is less about the money and more about whether City Council gives up its authority.

Councilmember Risley stated he understands the necessity for the City Attorney to have some latitude for negotiating, but one of the roles of the Legislative Branch is to provide checks and balances for the Administrative Branch and he supports an increase equal to doubling the original amounts but does not support the proposed threshold amounts.

President Helms asked if the City Attorney had the authority, could several cases have been settled for a lower amount. Erik Lamphere, Employment/Litigation Division Chief, City Attorney's Office (CAO), confirmed there have been a handful of cases where that has occurred during mediation.

Councilmember Talarico commented that these settlement amounts should be reviewed more frequently than thirty-five years.

Ms. Massey proposed the general litigation limit amount be increased to \$150,000 for the City Attorney's settlement authority, \$250,000 for the Claims Review Board (CRB), and Police Use of Force cases be increased to \$100,000 for the City Attorney and \$200,000 for the CRB.

Councilmember Henjum asked why these increases are being proposed at this time. Ms. Massey stated it addresses some of the concerns which have been expressed, updated settlement limits are long overdue, and she would like to see the settlement limits adjusted before she retires to make claim and litigation settlement less uncertain for the City.

Councilmember Donelson recommended the general litigation amount be \$100,000 for the City Attorney's settlement authority.

Councilmember Henjum requested the settlement amounts data over the past ten years. Ms. Massey stated they will provide that information from 2020 to present.

Councilmember Avila stated she supports the original increase in settlement authority due to the increase in the cost of living and inflation.

Councilmember Leinweber stated he supports Councilmember Donelson's recommendation to double the settlement authority in order to retain City Council's authority over financial decisions.

Councilmember O'Malley stated he would also like City Council to retain its authority over these decisions.

Ms. Massey stated she will provide Ordinances with the two recommended amounts which City Council can vote on at the March 25, 2025 meeting.
