**Introduction****Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee**

In reviewing the bylaws and recent meeting materials of the PPACG Community Advisory Committee, it is clear that the committee reviews and makes recommendations on a wide range of important issues and projects in our greater community. In my experience as an engineer and project manager at a Fortune 100 corporation, and more recently in a broad role in a transit-oriented position at a local non-profit organization, the regional decisions made at PPACG have a wide impact on the quality of life for citizens in El Paso, Teller and Park counties. Though I come from a business background oriented to transportation, my volunteer interested have been much broader, encompassing improving educational opportunities, church governance and general community well-being. The CAC appears to be a good forum to study, understand and contribute to deep engagement around the long-term regional issues that will promote an improved quality of life for all citizens in the region. Thank you for an opportunity to apply for this position.
