ASSOCIATION
OF COLORADO SPRINGS

VISION AND MISSION

Our Vision

We believe construction and skilled trades are representatives of excellent and meaningful career opportunities for students in Colorado. Through mentoring and hands-on training, Careers in Construction Colorado provides students the tools and skill sets necessary to be successful and productive citizens. Our focus is to improve the community's awareness and understanding of the career opportunities available within our industry.

Our Mission

To partner with entities that provide educational courses focused on the construction industry to promote the benefits of career opportunities to students, parents, influencers, and educators as well as develop effective job-placement platforms to place students in the construction industry.

OUR VALUES

Learning

Students learn the skills and value of a career in the construction industry.

Inclusiveness

Our program is open to each, and every student.

Collaboration

We partner with educators, construction industry professionals, employers, community leaders, students and parents to build a better future.

Employment

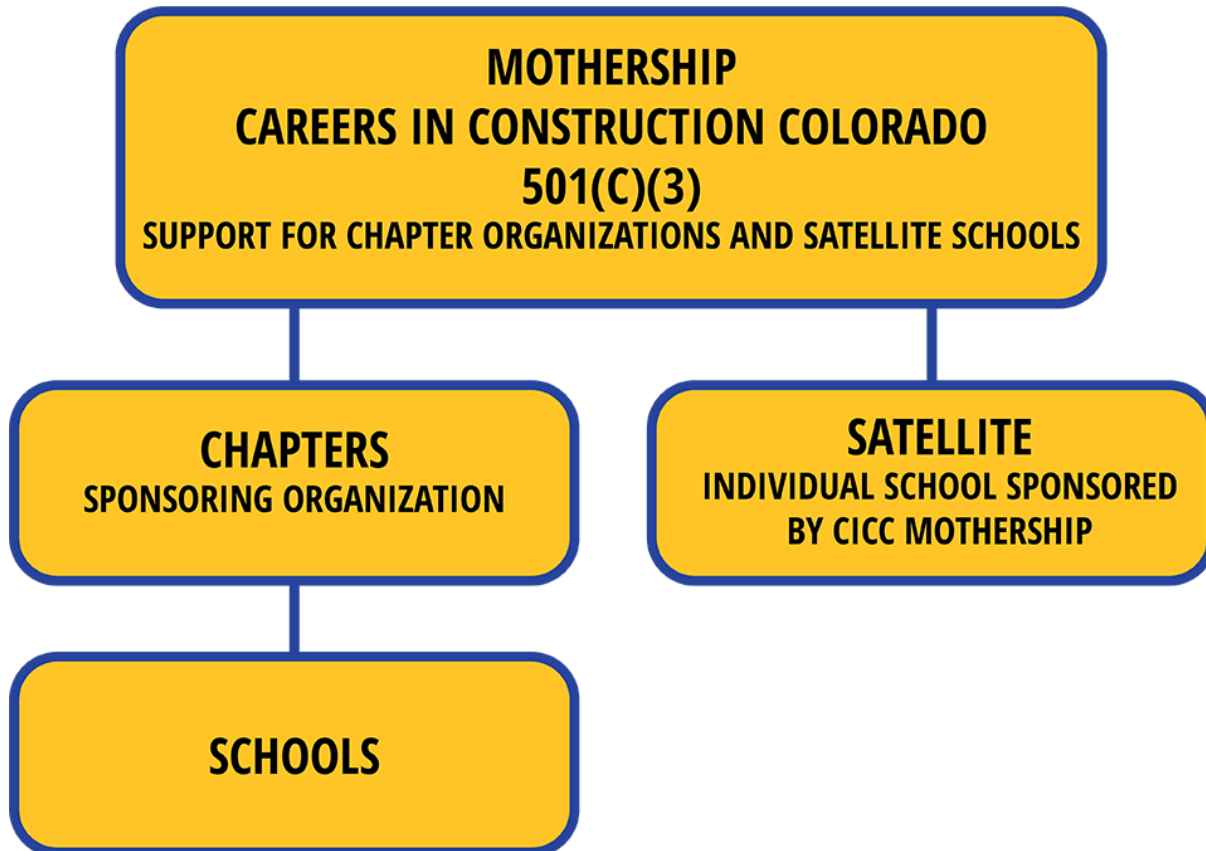

We connect students with employers.

Success

We empower students to be employable, productive citizens.
