[Signed Resolution No. 63-25.pdf](#)

Councilmember Rainey presented the Resolution reaffirming the City of Colorado Springs will remain a law-abiding and Non-Sanctuary City. He identified the professional manner in which the local and state law enforcement conducted themselves during the recent raid and in order to be the safest city in America, they need to address the issues which disrupt the safety of citizens

Citizens Susan Garsoe, Michelle Deborah Weisblat-Dane, Chris Cury, Chauncy Johnson, Gloria Martinez, and Christian Seal spoke in opposition to the Resolution.

Councilmember Gold spoke about the need to support law enforcement, but this Resolution feels like political theater instead of public service.

Councilmember Williams stated she does not see this Resolution as racist and the Resolution states they will not use City resources for this particular concern.

Councilmember Bailey stated there are rules for coming into the United States and the City needs to take action steps toward making the community a safer place to live.

Councilmember Henjum stated passing these types of Resolutions do nothing to address crime and it makes the City less of a welcoming place,

but she does trust that the City will support local, state and federal laws including the Constitution of the United States.

Councilmember Leinweber stated this country is a country of immigrants which has made it as strong as it is, this document is not racist, and they cannot have freedom without Rule of Law. He stated that often times the crimes associated with these types of raids are not addressed and he will always be in support of not working against the federal government.

Aimee Cox, Chief Housing and Homelessness Officer, Housing and Homelessness Response Department, presented the Ordinance authorizing the issuance and delivery of its multifamily housing revenue bonds (Royal Pine Apartments Project), Series 2025 A, in one or more tax-exempt or taxable series in an aggregate amount not to exceed

\$60,000,000 for the purpose of financing the acquisition, construction, improvement and equipping of a multifamily housing facility in the City. She provided an overview of the development, why the project requires the use of Private Activity Bonds (PAB), PAB inducement approval considerations, PAB inducement, timeline, and next steps.

Councilmember Donelson asked if the City has any liability for the taxable bonds if project cannot pay them. John Bales, representing the applicant, stated the City is not responsible for any payments, the obligation is on the borrower and the project only.

Councilmember Donelson asked if the PABs have any federal, state, or local tax on them. Mr. Bales stated they do not.

Councilmember Bailey asked if the action being voted on today is allowing the developer to use a tool for financing at a lower rate which they are passing onto the tenants in the form of lower rents. Ms. Cox confirmed that it is.

Councilmember Henjum stated this is very important and will help increase the amount of affordable housing in the City.

Councilmember Donelson asked if the PABs are needed for this project to move forward. Ms. Cox confirmed they are.

Councilmember Donelson stated there is not a right to live anywhere in the City. Councilmember Bailey stated the future tenants of this property will need to certify their income levels in order to live at the rates set by the developer and providing this option in this part of town should be embraced for the greater good of the City. Councilmember Donelson stated the property owner had to rezone this property and it is not government's role to put housing at different cost points in various parts of the City where it may not be acceptable by the neighbors. Councilmember Bailey stated that it is the property owner's right to request a rezone.

President Pro Tem Risley reminded Council that this is a financing matter, not a land use matter.

Citizens Sarah Markham, Laura Wilkey, Russell Elsberry, Greg Decker, Jeff Burget, and Tim Lewin spoke in opposition of the project.

Motion by Councilmember Henjum, seconded by Councilmember Gold, that the Ordinance authorizing the issuance and delivery of the City's multi-family housing revenue bonds for Royal Pine in one or more tax-exempt or taxable series, in an aggregate principal amount not to exceed \$60,000,000 be approved on first reading. William Gray, Senior Planner, Planning Department, presented Ordinance

No. 25-49 to amend the zoning map of the City pertaining to 0.78 acres located at 3103 North Prospect Street from R-5 (Multi-Family High) to R-Flex High. He provided a brief overview of the vicinity map, site aerial/photos, project summary, zoning/context map, Development Plan, development standards adjustments, PlanCOS compliance, agency review, timeline of review, stakeholder involvement, application review criteria, and optional motions.

John Olson, Board Member, We Fortify, Urban Landscapes Design Revolution, representing the applicant, identified the site vicinity, and existing conditions.

Shelly Jensen, Chief Executive Officer, We Fortify, representing the applicant, went over the development goals, community impact, and Elevate Villages.

Mr. Olson provided an overview of the working fusion plan, Prospect Village Plan, City applications, R-5 eighteen-unit concept, and tiny house concept. He went over the Conditional Use application, defined lot area, side/front setbacks, on-site separation, parking requirements, Development Plan, preliminary landscaping plan, final plat, and conceptual plan.

Councilmember Henjum asked if the two structures on the lot will be utilized. Mr. Olson stated their goal is to utilize them as community space.

Councilmember Gold asked what trauma informed design is. Ms. Jensen stated it means all the beds are located on the main level and no egress windows in the loft in case of a panic attack. She said they also use pine walls, soft colors, and the houses are fully furnished with new furniture and appliances to create a welcoming environment.

Citizens Melissa Hardy and Rob Spitzer spoke in support of the project.
