2. Required approval, clearance and coordination have been accomplished from and with appropriate agencies.
3. Section 43-2-102 and 103, C.R.S., require the State to maintain State highways (including where such highways extend through a city or an incorporated town), and Section 43-2-135(1)(i), C.R.S., as amended, requires the State to install, operate, maintain and control, at State expense, all traffic control devices on the State highway system within cities and incorporated towns.
4. The parties desire to enter this contract for the Local Agency to provide some or all of the certain Highway maintenance services on State highways that are the responsibility of the State under applicable law, and for the State to pay the Local Agency a reasonable negotiated fixed rate for such services.
5. The parties also intend that the Local Agency shall remain responsible to perform any services and duties on State highways that are the responsibility of the Local Agency under applicable law, at its own cost.
6. The State and the Local Agency have the authority, as provided in Sections 29-1-203, 43-1-106, 43-2-103, 43-2-104, and 43-2-144, C.R.S., as amended, and if applicable, in an ordinance or resolution duly passed and adopted by the Local Agency, to enter into contract with the Local Agency for the purpose of maintenance of traffic control devices on the State highway system as hereinafter set forth.

2. This contract
3. **Exhibit A** (Scope of Work)
4. **Exhibit C** (Option Letter)
5. **Exhibit D** (Encumbrance Letter)
6. **Exhibit E** (PII Certification)
7. **Exhibit B** (Local Agency Resolution)

##### **Section 3. Term**

This contract shall be effective upon the date signed/approved by the State Controller, or designee, or on July 1, 2024, whichever is later. The term of this contract shall end on **June 30, 2029**. Provided, however, that the State's financial obligation for each subsequent, consecutive fiscal year of that term after the first fiscal year shall be subject to and contingent upon funds for each subsequent year being appropriated, budgeted, and otherwise made available therefor.

##### **Section 4. Project Funding and Payment Provisions**

A. The Local Agency has estimated the total cost of the work and is prepared to accept the State funding for the work, as evidenced by an appropriate ordinance or resolution duly passed and adopted by the authorized representatives of the Local Agency, which expressly authorizes the Local Agency to enter into this contract and

to complete the work under the project. A copy of any such ordinance or resolution is attached hereto and incorporated herein as **Exhibit B**.

- B. Subject to the terms of this contract, for the satisfactory performance of the maintenance services on the Highways, as described in Section 5, the State shall pay the Local Agency on a lump sum basis, payable in monthly installments, upon receipt of the Local Agency's Statements, as provided herein.
- C. The State shall pay the Local Agency for the satisfactory operation and maintenance of traffic control devices under this agreement at the rates described in **Exhibit A**.
- D. The Local Agency will provide maintenance services as described in **Exhibit A**, for a **total maximum amount of \$341,640.00 per State fiscal year, and a maximum contract total shall not exceed the cumulative five-year total of \$1,708,200.00**. The negotiated rate per location shall remain fixed for the full five-year term of the contract, unless this rate is renegotiated in accord with the procedure set forth herein in Section 17. The total payments to the Local Agency during the term of this contract shall not exceed that maximum amount, unless this contract is amended. The Local Agency will bill the State monthly and the State will pay such bills within 45 days.
- E. The Statements submitted by the Local Agency for which payment is requested shall contain an adequate description of the type(s) and the quantity(ies) of the maintenance services performed, the date(s) of that performance, and on which specific sections of the highways such services were performed, in accord with standard Local Agency billing standards.
- F. If the Local Agency fails to satisfactorily perform the maintenance services or if the Statement submitted by the Local Agency does not adequately document the payment requested, after notice thereof from the State, the State may deduct and retain a proportionate amount from the monthly payment, based on the above rate, for that segment or portion.

#### **Section 5: State & Local Agency Commitments:**

- A. The Local Agency shall perform the maintenance services for the certain State highway system locations described herein. Such services and locations are detailed in **Exhibit A**.
- B. The Local Agency shall operate and maintain the specific traffic control devices, and at the particular locations, all as listed on **Exhibit A**, in a manner that is consistent with current public safety standards on State highways within its jurisdictional limits, and in conformance with applicable portions of the "Manual on Uniform Traffic Control Devices" and the "Colorado Supplement" thereto, which are referred to collectively as the "Manual" and which are incorporated herein by reference as terms and conditions of this agreement. The Local Agency shall provide all personnel, equipment, and other services necessary to satisfactorily perform such operation and maintenance.
- C. The Parties shall have the option to add or delete, at any time during the term of this agreement and subject to §17 of this agreement, one or more specific traffic control devices to the list shown in **Exhibit A** and therefore amend the maintenance services to be performed by the Local Agency under this agreement. The State may amend **Exhibit A** by written notice to the Local Agency using an Option Letter substantially equivalent to **Exhibit C**.
- D. The Local Agency may propose, in writing, other potential specific traffic control devices to be operated and maintained by the Local Agency during the term of this agreement, based on the same rates that had been initially agreed to by the Local Agency in **Exhibit A**. If the State determines in writing that operation and maintenance of those other devices by the Local Agency is appropriate, and is desirable to the State, and if the State agrees to add such devices to this agreement, then the State shall, by written Option Letter issued to the Local Agency in a form substantially equivalent to **Exhibit C**, add such devices to this contract.
- E. The Local Agency shall perform all maintenance services on an annual basis. The Local Agency's performance of such services shall comply with the same standards that are currently used by the State for the State's performance of such services, for similar type highways with similar use, in that year, as determined by the State. The State's Regional Transportation Director, or his representative, shall determine the then current applicable maintenance standards for the maintenance services. Any standards/directions provided by the State's representative to the Local Agency concerning the maintenance services shall be in writing. The Local Agency shall contact the State Region office and obtain those standards before the Local Agency performs such services.

#### **Section 6. Record Keeping**

The Local Agency shall maintain a complete file of all records, documents, communications, and other written materials that pertain to the costs incurred under this contract. The Local Agency shall maintain such records for a period of three (3) years after the date of termination of this contract or final payment hereunder, whichever is later, or for such further period as may be necessary to resolve any matters which may be pending. The Local Agency shall make such materials available for inspection at all reasonable times and shall permit duly authorized agents and

employees of the State and, if applicable, FHWA to inspect the project and to inspect, review and audit the project records.

### **Section 7. Termination Provisions**

This contract may be terminated as follows:

- A. This contract may be terminated by either party, but only at the end of the State fiscal year (June 30), and only upon written notice thereof sent by registered, prepaid mail and received by the non-terminating party, not later than 30 calendar days before the end of that fiscal year. In that event, the State shall be responsible to pay the Local Agency only for that portion of the highway maintenance services actually and satisfactorily performed up to the effective date of that termination, and the Local Agency shall be responsible to provide such services up to that date, and the parties shall have no other obligations or liabilities resulting from that termination.

Notwithstanding subparagraph A above, this contract may also be terminated as follows:

- B. Termination for Convenience. The State may terminate this contract at any time the State determines that the purposes of the distribution of moneys under the contract would no longer be served by completion of the project. The State shall effect such termination by giving written notice of termination to the Local Agency and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination.
- C. Termination for Cause. If, through any cause, the Local Agency shall fail to fulfill, in a timely and proper manner, its obligations under this contract, or if the Local Agency shall violate any of the covenants, agreements, or stipulations of this contract, the State shall thereupon have the right to terminate this contract for cause by giving written notice to the Local Agency of its intent to terminate and at least ten (10) days opportunity to cure the default or show cause why termination is otherwise not appropriate. In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Local Agency under this contract shall, at the option of the State, become its property, and the Local Agency shall be entitled to receive just and equitable compensation for any services and supplies delivered and accepted. The Local Agency shall be obligated to return any payments advanced under the provisions of this contract.

Notwithstanding the above, the Local Agency shall not be relieved of liability to the State for any damages sustained by the State by virtue of any breach of the contract by the Local Agency, and the State may withhold payment to the Local Agency for the purposes of mitigating its damages until such time as the exact amount of damages due to the State from the Local Agency is determined.

If after such termination it is determined, for any reason, that the Local Agency was not in default or that the Local Agency's action/inaction was excusable, such termination shall be treated as a termination for convenience, and the rights and obligations of the parties shall be the same as if the contract had been terminated for convenience, as described herein.

- D. Termination Due to Loss of Funding. The parties hereto expressly recognize that the Local Agency is to be paid, reimbursed, or otherwise compensated with federal and/or State funds which are available to the State for the purposes of contracting for the project provided for herein, and therefore, the Local Agency expressly understands and agrees that all its rights, demands and claims to compensation arising under this contract are contingent upon availability of such funds to the State. In the event that such funds or any part thereof are not available to the State, the State may immediately terminate or amend this contract.

### **Section 8. Legal Authority**

The Local Agency warrants that it possesses the legal authority to enter into this contract and that it has taken all actions required by its procedures, by-laws, and/or applicable law to exercise that authority, and to lawfully authorize its undersigned signatory to execute this contract and to bind the Local Agency to its terms. The person(s) executing this contract on behalf of the Local Agency warrants that such person(s) has full authorization to execute this contract.

### **Section 9. Representatives and Notice**

**Section 16. Survival of contract Terms**

Notwithstanding anything herein to the contrary, the parties understand and agree that all terms and conditions of this contract and the exhibits and attachments hereto which may require continued performance, compliance or effect beyond the termination date of the contract shall survive such termination date and shall be enforceable by the State as provided herein in the event of such failure to perform or comply by the Local Agency.

**Section 17. Modification and Amendment**

This contract is subject to such modifications as may be required by changes in federal or State law, or their implementing regulations. Any such required modification shall automatically be incorporated into and be part of this contract on the effective date of such change as if fully set forth herein. Except as provided above, no modification of

this contract shall be effective unless agreed to in writing by both parties in an amendment to this contract that is properly executed and approved in accordance with applicable law.

A. Amendment

Either party may suggest renegotiation of the terms of this contract, provided that the contract shall not be subject to renegotiation more often than annually, and that neither party shall be required to renegotiate. If the parties agree to change the provisions of this contract, the renegotiated terms shall not be effective until this contract is amended/modified accordingly in writing. Provided, however, that the rates will be modified in accordance with applicable cost accounting principles and standards (including sections 24-107-101, et seq., C.R.S. and implementing regulations), and be based on an increase/decrease in the "allowable costs" of performing the Work. Any such proposed renegotiation shall not be effective unless agreed to in writing by both parties in an amendment to this contract that is properly executed and approved by the State Controller or delegee. Any such rate change will go into effect on the first day of the first month following the amendment execution date.

B. Option Letter

The State may exercise the option by providing a fully executed option to the Local Agency, in a form substantially equivalent to **Exhibit C**, immediately upon signature of the State Controller or an authorized delegate. The Option Letter shall not be deemed valid until signed by the State Controller or an authorized delegate. Any such rate change will go into effect on the first day of the first month following the option letter execution date.

The decision of the Executive Director or his duly authorized representative for the determination of such appeals will be final and conclusive and serve as final agency action.
