### Which Boards would you like to apply for?

Regional Building Board of Review: Submitted

---

## Introduction

### Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

Having worked my entire professional career in Colorado Springs, I feel a sense of responsibility to give back to my community where I can and where my expertise and training can be best utilized. I have been a Colorado licensed Architect since 2008 and have previously served in many volunteer roles, both within Colorado Springs and at the state level with my professional society. During the summer of 2024, I was asked to fill a vacancy with the PPRBD Board of Review and Advisory Board. Previously I served on PPRBD's Licensing Committee for approx. four years. Serving on these boards and committee has given me insight into the workings of the Pikes Peak Regional Building Department. This volunteer work has been rewarding for me, and I believe the professional perspective I bring has been a benefit to both PPRBD and our community at large. I am currently seeking to serve a full (3-year) term on the Board of Review and Advisory Board moving forward.

---

## **Relevant Experience and Community Involvement**

**Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.**

---

Please find a copy of my professional resume attached.

---

## **Supplemental Materials (if applicable)**

---

Include any additional materials that may strengthen your application, such as a resume or examples of your work in the community.

#### Professional Experience

Mr. Taylor has over 25 years of architectural experience as a designer, planner, and project manager. Prior to forming Taylor Architecture & Design, LLC, Mr. Taylor worked with Bollar Cruz Architects (BCA) as a Designer/Project Architect for over 12 years. In 2016, Taylor-AD acquired Paulson Architects, PC after working in conjunction with Jack Paulson, AIA, on a variety of commercial projects.

As founder of Taylor Architecture & Design and as an associate at Bollar Cruz Architects, Mr. Taylor has accumulated design experience on many different commercial project types including: religious/non-profit facilities, educational facilities, office complexes, retail, restaurant, and industrial/manufacturing. A licensed architect in Colorado and holder of a NCARB certificate, Mr. Taylor is also a LEED Accredited Professional and is an active member of AIA Colorado.
