Which Boards would you like to apply for?

Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I am applying to join the LART committee as the “Tourism Industry Representative” (Tourism Business) seat, which PK McPherson is leaving vacant. I grew up in Colorado Springs and have spent almost all my life here. I’ve seen firsthand the impact of the tourism industry on our community and have a deep understanding of how important the industry is to the region. As I’ve worked with PK over the last couple of years, we have discussed LART at great length, highlighting that smart and considerate management of LART funding is critical to ensuring a strong ROI on funds and economic growth for our city. I chose a career in tourism because I wanted to be a part of building up our region and enhancing the quality of life for our community members and visitors. In 2023, I joined Pikes Peak Region Attractions (PPRA) as their Digital Ads Manager, where I work with 29 local attractions to highlight the Pikes Peak Region and encourage people from around the world to visit our area. I’ve also done digital consulting with several attractions and worked on their in-house campaigns, giving me a deep working knowledge of the needs of attractions and local organizations and how to use marketing dollars effectively to maximize impact and ROI. It has also given me a unique understanding of what attracts visitors and overnight stays which helps when developing strategies for keeping visitors here for as many nights as possible. My interest in this committee seat comes from a desire to serve the tourism industry and the Pikes Peak Region in a deeper capacity and to work together with the committee on supporting events and organizations that are a driving economic force in our community. I plan to utilize my background in digital marketing and media with a major focus on the tourism industry to provide invaluable insight and advice to my fellow members while ensuring a great ROI on funds invested by the city as recommended by the LART Committee.

Relevant Experience and Community Involvement

Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.

Over the last few years, I have worked in the community on get-out-the-vote efforts to ensure people have the resources needed to make informed decisions in municipal and statewide elections. I also became a certified Tax Ambassador with the Colorado Fiscal Institute in order to help others have a deeper understanding of our state’s tax and economic system and of the power and benefit modest taxes like LART can have in our communities. Working at PPRA has taught me a lot about what it’s like to navigate the politics of a board and what it means to be accountable to numerous stakeholders. A consistent aspect of our work at PPRA is navigating the pressures and differing desires of a board in order to collaborate on initiatives and campaigns that strengthen the tourism economy as a whole. While it can sometimes take considerable effort, a board working together and supporting each other is a powerful force for driving growth and supporting important efforts. I am very passionate about driving growth and prosperity in Colorado Springs and the Pikes Peak Region, and sitting on this committee will enable me to serve our community in a meaningful capacity by supporting tourism and our local economy. Thank you for your time and consideration.

As a Colorado Springs native, I'm proud to work for an organization that enhances our community's economic vitality and creates memorable experiences for visitors and residents. I've been with Visit Colorado Springs for 27 years, focusing on bringing group business, sports, and special events to our destination since 2007. Introduction

Tourism is a major cornerstone of the Colorado Springs economy and significantly contributes to the growth and quality of life of our citizens and community. Having served in the sports and recreation tourism industry for more than a decade with the Colorado Springs Sports Corporation, I have seen the positive impacts of special events and tourism initiatives on the health of our community businesses and citizens alike. I am committed to making decisions that best position our region to thrive and can objectively evaluate initiatives and events based on accepted tourism & quality of life criteria (i.e. economic impact, regional & national media exposure, hotel nights, partnership development, accessibility, etc.). During my tenure with The Sports Corp, we provided the Colorado Springs community multiple flagship special events and sports/recreation initiatives creating significant measurable economic impact. My experience in vetting, developing, executing and evaluating events and partnerships in this sector uniquely prepares me to represent the sports and recreation tourism industry on the LART Citizen's Advisory Committee.
