Introduction**Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee**

I held the position of Colorado Springs Deputy City Attorney in charge of Employment and Litigation until my retirement in 2010. I was the legal advisor to the Civil Service Commission for a number of years, and in that capacity provided legal advice on various police and fire matters, drafted rules, and brought numerous disciplinary matters before the Commission for their determination. One police disciplinary matter was appealed to the Colorado Court of Appeals, and I successfully represented the City in the Commission's decision to uphold the discipline imposed. Given my experience, I believe I can bring a unique and diverse perspective to the Commission. I look forward to the opportunity to give back to the City in this manner. Thank you for your consideration.

Relevant Experience and Community Involvement

Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.

As an attorney in the City Attorney's Office, I was the legal advisor to several boards and commissions, most notably the Civil Service Commission and Liquor and Beer Advisory Board. As a volunteer, I have served on the Susan Komen Race for the Cure Board, and am an active volunteer with Community Partnership for Child Development/Headstart, Care and Share, and my church.

Hello. My name is James Howard. This year one of my small businesses was impacted by a now common smash and grab crime. This has motivated me to become more involved in the community. I applied for this position because I respect and appreciate our local Civil Servants. That being said, I believe in accountability and upholding the values we expect from this service as well. I would like to be involved with our local police and firefighters and would bring my years of being a small business owner in this community to this position. My wife and I have owned and operated 2 successful small businesses in Colorado Springs for almost 12 years now. Before that, I managed a restaurant for 14 years and have the respect, courtesy, and people skills to be fair and just in the decisions I make. I believe in fairness and a common sense approach to the issues we deal with on a daily basis in Colorado Springs. I am a Colorado Springs native and would like to see Colorado Springs moving in the right direction for our future generations.

Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I'm a member of the working class that has a passion for government and civil service. I've served on the ASD20 DTAC this year and found that I thoroughly enjoy collaborating with others to help improve and maintain my community. I enjoy being active in the world of government and elections as I've volunteered for 2 campaigns this election cycle and was a delegate to multiple conventions this cycle. To summarize, I've dipped my toe in civil service/volunteering and I deeply am of them and I wish to do more in any capacity possible.
