2. Administrative Adjustments shall apply in the following situations:

7.5.525: DEVELOPMENT STANDARDS ADJUSTMENT:

A. request may be reviewed and a decision made in conjunction with the accompanying application.

\* \* \*

E. Criteria for Approval: A Non-Use Variance may be approved if the Planning Commission determines that:

1. The application complies with any standards for the use in Part 7.3.3 (Use-Specific Standards); **However, if the Non-Use Variance is used to vary a use-specific standard from Part 7.3.3, then the application shall demonstrate why there is good cause to deviate from such standard and how the intent of the use-specific standard is being met;**

\* \* \*

F. \* \* \*

4. **If an approved Non-Use Variance is not associated with a Development Plan, then the approval shall expire one (1) year after the date of approval, unless a Building Permit has been issued or, if a building permit is not required, the variance is implemented.
