Introduction

Briefly introduce yourself and state your interest in serving on a specific Board, Commission, or Committee

I’m originally from Illinois, but after visiting Colorado for a wedding at the age of 14, I knew this was where I wanted to live. After spending a few years teaching, I followed that dream and moved to Colorado, eventually continuing my education at the University of Colorado Boulder, where I met my husband—a dedicated member of the military. While his service took us to various places, we always hoped to return to Colorado, and I’m grateful that we were able to do just that. We’ve raised four wonderful boys, and our youngest is now a sophomore at Colorado Mesa University. For the past seven years, I’ve been proud to call the Woodstone neighborhood home. I’m passionate about building strong, connected communities and would be honored to serve on Woodstone SMID as a way to give back, contribute meaningfully, and help shape the future of the place I love.

Relevant Experience and Community Involvement

Highlight any volunteer work, previous service on boards or committees, and community involvement that demonstrates your commitment to public service and the community.

For 19 years, I proudly served as a military spouse, a role that deeply shaped my commitment to public service and community engagement. During that time, I embraced every opportunity to support not only my family but also the broader communities we were part of. I was consistently active in my children’s schools—volunteering in classrooms, serving as a room parent, and contributing to school events and activities. I also volunteered as an assistant coach for my son’s basketball team, where I helped foster teamwork, discipline, and confidence in young athletes. Whether it was cheering from the sidelines at games or organizing classroom events, I’ve always believed in showing up, giving back, and helping build strong, supportive environments. These experiences reflect my dedication to serving others and my passion for strengthening the communities I’m a part of.
