Public Works/ SWENT Capital Program

MONUMENT CREEK STUDY (JULY 2023)

- The **City of Colorado Springs** and the **United States Air Force Academy (USAFA)** partnered to study the Monument Creek Corridor to identify important opportunities for management, restoration, and preservation
- The Study identified 42 high priority projects on USAFA
- Although USAFA only makes up 12% of the Monument Creek Watershed, 75% of the watershed flows through USAFA
- USAFA has received considerable cost benefits and efficiencies by collaborating with the SWENT's Capital Program for project delivery using individual IGSA's
