

Columbarium 2, Side B
Niches 25-48

The diagram shows a rectangular wall structure representing a columbarium. It features a central grid of 20 niches, arranged in 5 rows and 4 columns. The grid is enclosed by a double-line border, with the inner line being thicker and shaded gray, and the outer line being a simple black outline. The niches are currently empty.

Columbarium 3, Side A
Niches 1-24

The diagram shows a rectangular wall structure representing a columbarium. It features a grid of 24 niches, arranged in 4 rows and 6 columns. The grid is enclosed by a double-line border, with the inner line being thicker than the outer line. The niches are empty, indicating they are available for use.
